Re: Texas Energy Reliability Council

This letter is to express my interest in serving on the Texas Energy Reliability Council ("TERC") on behalf of the Municipally-Owned Utilities. Upon approval, I am willing and able to serve as a member of TERC.

With 36 years of experience in the Texas electric market serving public power and private companies in a variety of capacities, I feel I am qualified to provide valuable and insightful contributions to this important organization. My knowledge of power and gas markets, along with the experience of representing generation and consumers over the past three decades, will allow me to provide a distinctive view. I currently serve as the Municipal Segment Representative on the ERCOT Board of Directors.

Having experienced a number of challenges in our market over the years, I am eager and committed to contributing to a more resilient Texas energy grid. Thank you for your consideration.

Sincerely,

Tom J. Hancock

RE: Recommendation Letter for Tom Hancock's Nomination for the Texas Energy Reliability Council

Dear Chairman, Commissioners, and Executive Director Gleeson:

The Texas Public Power Association (TPPA), on behalf of the 72 municipally-owned utilities (MOUs) in Texas, writes to support the nomination of Tom Hancock to the Texas Energy Reliability Council (TERC).

TERC will serve as a critical asset to the state by helping to ensure that Texas' energy and electric industries meet high-priority human needs and address critical infrastructure concerns. TERC will also perform a vital role in enhancing coordination and communication between the energy and electric industries in this state.

Per Senate Bill 3, one of the members of TERC must be a representative of a MOU. TPPA believes that Tom will be a very capable asset to the Council as the MOU representative. Tom has the experience and expertise to not only bring the perspectives of MOUs to the Council, but also help Texas move forward in this important work.

TPPA unequivocally supports Tom Hancock as a nominee to TERC and we ask that the Commission act to name Tom to the Council.

Respectfully,
